

Established in 1986 as the province's first private-practice occupational therapy company, OT Consulting offers services designed to enhance individual and organizational productivity for people who have experienced musculoskeletal, neurological or traumatic injuries, illness and disability. For more than 30 years, we have been committed to assisting thousands of individuals to return to work and/or to a productive lifestyle through prevention, assessment and treatment.

We provide services to the legal profession, the public health community, Workers' Compensation Board (W.C.B.), Insurance Corporation of B.C. (I.C.B.C), unions, private long-term disability insurance carriers, government, business, and industry

We are currently looking to add to our team of professionals in our Occupational Rehabilitation2 Program. The successful OT candidate would be responsible for performing occupational therapy assessments, program planning, intervention, consultation, education, discharge planning, and program evaluation using recognized occupational therapy techniques and practices.

The selected candidate will enjoy a comprehensive compensation package, including opportunities for continued education/professional development, competitive salary, paid vacation, and extended group benefit.

Applicants must be registered, or be eligible for registration, with the College of Occupational Therapy of British Columbia. Experience in vocational rehabilitation is preferred. Access to a vehicle is required.
