

## Instructor 1, Tenure Track | Department of Occupational Science and Occupational Therapy

The Department of Occupational Science and Occupational Therapy invites applications for a full-time (1.0FTE) position at the rank of Instructor I (tenure track). The successful applicant will join a stellar academic community and contribute to developing the next generation of occupational therapists.

The Department offers a Master of Occupational Therapy (MOT) program, collaborates in the delivery of MRSc, MSc, and PhD programs in rehabilitation sciences and offers post-doctoral fellowship opportunities. Research focuses on advancing occupational science, the impact of occupational therapy on health and well-being, and teaching/learning effectiveness. We enjoy a wide variety of scholarly and interdisciplinary activities in the Faculty of Medicine and University.

The incumbent will engage in teaching both theory and clinical practice skills courses using diverse methods and online learning tools, participate in course planning, lead curriculum development, and engage in student evaluation in the Master of Occupational Therapy Program. The incumbent will participate in administrative and service activities, such as departmental and university committees.

The successful applicant must be registered with the College of Occupational Therapists of BC (COTBC) and be a member of Canadian Association of Occupational Therapists – BC (CAOT-BC), have a minimum of 5 years practice experience as an occupational therapist and clinical teaching in the areas of mental health and physical disability across the lifespan. The applicant must have a minimum of 3 years teaching in an academic setting that includes curriculum development, preparing, delivering and evaluating lecture and laboratory content in a Masters of Occupational Therapy program.

Salary will be commensurate with level of educational preparation and experience. Review of applications will begin January 5, 2018.

Applications, including curriculum vitae and names and contact information for three referees who can speak to the candidate's professional and creative work, teaching, practice competencies, and administrative abilities should be submitted online or sent to:

Dr. Susan Forwell,  
Department Head & Associate Professor  
UBC Occupational Science & Occupational Therapy

UBC is a global centre for research and teaching. Surrounded by the beauty of the Canadian West, UBC embraces bold new ways of thinking that attract exceptional students and faculty. It is a place where innovative ideas are nurtured in a globally connected research community, providing unparalleled opportunities to learn, discover and contribute.

Faculty members, students, staff and alumni in the UBC Faculty of Medicine are actively engaged in innovative, leading edge research, education and community service on university and hospital campuses across the Province. Together we aim to create knowledge and advance learning that will make a vital contribution to the health of individuals and communities, locally, nationally, and internationally.

*Equity and diversity are essential to academic excellence. An open and diverse community fosters the inclusion of voices that have been underrepresented or discouraged. We encourage applications from members of groups that have been marginalized on any grounds enumerated under the B.C. Human Rights Code, including sex, sexual orientation, gender identity or expression, racialization, disability, political belief, religion, marital or family status, age, and/or status as a First Nation, Metis, Inuit, or Indigenous person. All qualified candidates are encouraged to apply; however Canadians and permanent residents will be given priority.*
