Build a schedule that fits around your life!

Do you want to have the opportunity to influence your clients' recovery in all aspects of their health? Do you value variety in your caseload and working environment? At JR Rehab our Kinesiologists/Rehab Assistants have opportunities to work in Active Rehab, Community Access, Lifeskills training and Cognitive remediation with clients in their own public and private residence environments. Our mobile therapists are able to establish strong rapport with their clients and contribute to a holistic and comprehensive rehabilitation program in their clients' community.

JR Rehab is a team of professional contract consultants with a commitment to providing premier quality rehabilitation services as well as providing exceptional support to all of our clients, customers and colleagues. As a part of the JR Rehab team you will have the opportunity to work with a diverse mix of clients, enhancing your current skills and developing skills in new areas of practice.

JR Rehab provides disability management and rehabilitation services to individuals with suffering from multi-trauma, neurological injuries, orthopaedic injuries and chronic pain. Our Kinesiologists/Rehab Assistants working alongside our tightknit and supportive team of OTs and PTs assisting clients in their homes, community centres, workplaces and neighbourhood facilities.

Some perks of working with JR Rehab include:

- **Amazing Support:** Administrative and clinical support from an outstanding team.
- **Ongoing Professional Development:** Enjoy frequent professional development sessions and access to a calendar of diverse continuing education events available at discounted costs.
- **Great Pay:** Get paid for everything you do, including; reports, travel time and phone calls.
