

## Occupational Therapist – NE Calgary & Strathmore

### *AgeCare — Vibrant Seniors Communities*

We're founded on the belief that all seniors are entitled to a rich quality of life, with the opportunity to live as independently as possible, and we're looking for the very best to join us. If you're motivated by the privilege of serving our seniors with dignity, respect and compassion, keep reading.

### **The Opportunity:**

Reporting to the Director of Care, the Occupational Therapist assesses, plans, implements and evaluates occupational therapy directed towards residents' restoration/maintenance of an optimal level of independence, prevention of further disability and achievement of purposeful engagement within their environment.

This role will require travel as the successful candidate will share their time between AgeCare SkyPointe (0.70 FTE) and AgeCare Sagewood (0.30 FTE). Relocation assistance is available – let's chat!

#### **Top talent, high standards**

With 2,400+ employees across Canada, our team includes some of the best in the industry. You'll work alongside kind and caring people who will inspire you to put your best foot forward.

#### **A difference you can measure**

We're about improving the lives of those around us and making a difference, every day. You'll build lasting relationships with team members and become an essential piece in our family of communities.

#### **Appreciation through and through**

We don't just employ our people — we celebrate them, we support them, and we recognize them for their amazing commitment all year long. Your wow moments won't go unnoticed.

### **About the Occupational Therapist role:**

#### *What you'll do:*

- Assesses and reassesses residents to identify their issues/challenges and to determine rehabilitation needs
