The OT Works! Opportunity: Developing OT (New/Recent Grad)

It’s your practice, your life, and your choice. OT Works! gives you the opportunity to work with the best and explore what works best for you. When you join OT Works!, our experienced team and network of therapists will help you develop and grow your career as a private practice OT.

As a Developing OT you are early in your career with 1-2 years experience or a recent graduate. We recognize the energy, enthusiasm and excellence you bring to your new practice. OT Works! offers a flexible and supportive environment where you can thrive, and opportunities that develop skills and deepen your experience in your professional interest areas. We are passionate about helping developing OTs and new grads launch their careers and find their place in private practice. So be among the best, learn from the best and get your career off to a great start at OT Works!

As a Developing OT starting your career you bring:

- 0-3 years OT experience
- Full registrant or provisional registration with COTBC
- Valid BC Driver’s Licence
- Service-minded attitude and a passion for helping others
- Effective critical thinking, clinical reasoning and communication skills
- Resourcefulness, strong initiative and a personal desire for continuous improvement
- A collaborative approach in clinical practice and with colleagues
- Legal ability to work in Canada.

At OT Works! we respect and value differences. Our culture is one where all therapists feel, and are, valued. Life experience, unique perspectives and second languages are highly valued and welcomed.

OT Works! provides support and guidance tailored to you starting your career:

- Detailed orientation and skills management to develop your confidence and proficiency in managing your own private practice (sharing years of experience working in community private practice and with meeting college requirements)
- 1:1 mentorship and clinical support from senior therapists (discussion on assessments, treatment plans, joint visits)
- Continuous educational opportunities (in person and online)
- Technology and systems that support OT practice
• Quality assurance support (including reviews of clinical reports, goal writing, treatment plans, etc.)
• Clinical tools and business resources
• Social activities, peer networking and meaningful community events

When you join the OT Works!’ network of talented occupational therapists, you can expect to enjoy professional flexibility, feeling valued and the support for quality service that you can be proud of.

Be empowered. Feel appreciated. Make a difference.
